AT&T Code Administration,

Citistreet Corporation, formerly the Retirement Street Corporation is in the process of establishing a telecommunications network. An important step in the separation of Citistreet's Call Center from State Street's network. Critical to this effort is the availability to match the existing PBX stations in the Call Center to the new network. Numbers 617-657-7000 thru 7999 and 8000 thru 8999 will be activated as soon as AT&T completes the work ordered for Citistreet's 200 Newport Ave. Quincy, MA.

If I can be of any assistance please contact me at 617-537-9900.
